

Broad Street Presbyterian Church

BROAD STREET AT GARFIELD AVENUE

COLUMBUS, OHIO

J. HARRY COTTON
MINISTER

January 28, 1929.

The Rev. Stewart M. Robinson,
Elizabeth, N.J.

My dear Stewart:

Congratulations upon your first Sabbath in the new charge. I am sure that you will find a great work to be done there. I was rather surprised at your leaving Lockport but I can see where there is greater room for growth and expansion in a city like Elizabeth. I trust that your ministry will be blessed with all the fruits of the Spirit.

We are getting under way here after a fashion. I am putting most of my emphasis upon the preaching for I can simply get swamped in pastoral work. However, I am beginning to get acquainted with the parish and find them very delightful people. There is an enthusiastic response and if we can find work for all the people to do there ought to be a great result.

Remember me kindly to Mrs. Robinson and the family.

Faithfully yours,

Harry

To Individual Churches, Ministerial Associations, Federations of Churches or others desiring to arrange for Special Series of Meetings of Inspirational, Devotional and Biblical value, I have the greatest confidence in commending the Reverend John Harries.

I have first-hand, intimate acquaintance with Mr. Harries, his history and his work.

He has recently resigned the pastorate of a large Church in London, England, where he was greatly beloved and reluctantly parted with. Whereas Mr. Harries' health is excellent, he found the winters of London trying, and having friends in California, decided to come out here and take up his residence and citizenship.

My commendation of Mr. Harries is far more than formal. A Welshman by birth and upbringing, he has the Welsh genius for preaching, and being a diligent student and having had thorough theological training he has a constructive, evangelical, scholarly message which he delivers with clarity and power. I feel sure any community in which he serves will be enriched by his ministry.
